

RALLY TO SAVE THE BROOKLYN BRIDGE!

Sunday, January 11th @ 10:30 AM

Corner of Washington St. & Prospect St., DUMBO, Brooklyn

Two Trees Management wants to build an 18-story (over 200 feet high!) residential tower at Dock Street in DUMBO. It will permanently block views of and from the **Brooklyn Bridge** – a **National Historic Landmark** and one of the **world's most beloved icons**.

Let's make sure our Community Board and local political leaders know:

- The Brooklyn Bridge is too precious to sacrifice for a developer's profit.
- The proposed Dock Street tower is too tall, inappropriate and out of context for this location.
- We want a green building, affordable housing, and a middle school in a building no higher than the roadway of the Brooklyn Bridge. These benefits do not require an 18-story tower!

Our Kids Deserve a School *without* Sacrificing the Brooklyn Bridge
